RABBI BIGMAN'S LETTER

PURIM AND VACCINATIONS

At the end of this month, we celebrate the festival of *Purim*. This festival is celebrated in a joyous way: dressing up in costumes, acting silly, playing games, making noise to block out the name of the bad guy, cheering the heroes, and so on. We are told at the end of the Book of Esther to observe *Purim* as a day "of feasting and merrymaking, and as an occasion for sending gifts to one another and presents to the poor." [9:22] So we participate in the *mitzvot* of *mishloakh manot* [sending gifts] to our family and friends and *matanot l'evyonim* [gifts to the poor].

I have to admit that I'm not much in the mood to celebrate this year. *Purim* was the last in-person festival that we celebrated as a congregational family last year just before the pandemic really hit Michigan in March. A few days after *Purim* we were scheduled to leave on a ten-day congregational trip to Israel. I had to make the decision to postpone the trip just a few hours before our Adult *Purim* Party. (A few days later, Israel closed its borders to travel from abroad.)

I had so been looking forward to sharing Israel with members of our congregation, most of whom were to be first-time travelers to Israel, and then spending a few extra days in Jerusalem visiting family and just enjoying being in that wonderful city. Little did we know at that time that one year later we still wouldn't be able to travel to Israel.

In Judaism, we do not despair; we hope, we pray, and we work towards a better time. And so I will participate in the *Purim mitzvot* noted above and I will find a silly costume to wear for our religious school celebration of *Purim*, and I will have hope!

One of the reasons for hope is the availability of new vaccines to combat COVID-19. My colleague Rabbi Lior Nevo, a chaplain at Hebrew SeniorLife in Boston, compiled a series of prayers for this time that you may find meaningful as you receive your vaccination. I share a few of them below:

Rabbi Karen Reiss Medwed

With gratitude and thanksgiving to the Healer of repairable hearts and Restorer of brokenness, appreciation and thanks for inspiring the medical teams and scientists, granting them the wisdom, knowledge, and expertise to prepare this vaccine for all of us. May it be Your will that with my vaccination I will be granted the ability to heal and keep safe humankind and be granted the privilege to fulfill the *mitzvah* of one who saves a life. Blessed are You, Healer of all who are sick.

On Receiving A Vaccine

Rabbi Margaret Frisch Klein

Modah Ani/Modeh Ani

I thank You

For the wisdom of the scientists

For the courage of the trial volunteers

For the strength and compassion of the health care professionals

For the patience of the delivery workers

All

Who have brought us to this moment.

For our bodies

our finely balanced networks

Capable of blessing you

May this vaccine offer protection.

May it offer strength.

May it offer hope

Baruch Atah Adonai,

Shehechianu v'ki'manu v'higianu lazman hazeh.

Blessed are You,

who has kept us alive and sustained us and enabled us to reach this very moment.

RABBI BIGMAN'S LETTER

Rabbi Susan Elkodsi

May the One who hears prayers and requests, hear my prayer. I am about to be given a vaccine to protect me against the novel Coronavirus which has claimed so many lives this year. I am concerned. I know this vaccine might have side effects, and I pray for the strength and grace to handle any that I experience, and to accept that all medications and vaccines have potential side effects. Give me the wisdom to trust my instincts and my body, that I will know when to be concerned. Help my mind to be calm and to trust in this medication and its healing capabilities.

Divine Healer, I am grateful for those whom You have endowed with the knowledge and ability to create vaccines and medications that can protect us against or slow the progress of devastating diseases. I am grateful for my doctors and practitioners who care for me body and spirit.

May this medication/vaccine bring me healing, and may I be granted peace of mind in the knowledge that I am sheltered beneath the wings of *Shekhina*.

Baruch Ata Ado-nai, rofeh haKol, shomei-ah t'filati. [Blessed are You, Adonai, Healer of All, Who hears my prayer.]

A Prayer for Receiving the Covid Vaccine

Rabbi Naomi Levy

I have been praying for this day and now it is here!

With great excitement, a touch of trepidation
And with deep gratitude

I give thanks

To all the scientists who toiled day and night
So that I might receive this tiny vaccination

That will protect me and all souls around this world.

With the pandemic still raging

I am blessed to do my part to defeat it.

Let this be the beginning of a new day
A new time of hope, of joy, of freedom
And most of all, of health.

I thank You, God, for blessing me with life
For sustaining my life

And for enabling me to reach this awe-filled moment. *Amen.*

Rabbi Aaron Starr

May it be Your will, Heavenly Healer, that this endeavor be for healing and may You grant healing to me, to my loved ones, to my nation, and to all who are in need. Fill me with a sense of gratitude for all who create, distribute, and deliver this vaccine, and for all those who work for the health of individuals and our communities. Empower me to care in good health ever more deeply for others. Blessed are You, Holy One, Healer of all flesh, sustaining our bodies in wondrous ways.

[Based on Babylonian *Talmud Brachot* 60a and the Morning Blessings]

Rabbi Rebecca Kamil

As we move from darkness to light

May we take this vaccine as a sign of what is to come

A world reopened and renewed
embracing family and friends

Gathering together in joy.

May we also be mindful of what has been

The lives lost

The sorrow felt

And may the past and present intertwine Em-
Giving us hope for the future

What's Wrong with This Picture? Another Look at Parent / Child Relationships in Genesis

Aviva Panush ❄️ Sunday, January 31 and February 7 at 12:00 p.m.

"I accept the *Torah* as the moral and ethical guide for my life," states a *Bar/ Bat Mitzvah* on receiving the *Torah* scroll, passed down through the generations. *Torah* provides many wonderful examples of moral and ethical behavior. It also portrays its characters as human beings, and sometimes human behavior is neither moral nor ethical. Join us to look at and learn from our biblical heroes in their role as parents.

There's Nothing New Under the Sun Sibling Rivalry in Genesis

Rabbi Amy Bigman ❄️ Wednesdays, February 3 & 10 at 12:00 p.m.

Parental favoritism, sibling jealousy, you name it -- it's not unique to your family or to our generations. From the earliest of siblings until today, families deal with these issues. Join us to look at and learn from our biblical heroes in their role as siblings.

It's Groundhog Day, Again! Marital Strife in Genesis

Dr. Margot Valles ❄️ Thursdays, February 4, 11 and 18 at 7:00 p.m.

For the married couples in Genesis, the same problems seem to repeat over and over again: infertility, wives jealous of concubines, husbands pretending their wives are their sisters. Join us to look at and learn from our biblical heroes in their role as spouses
